Mission Statement

The Washoe County School District sets out to create an education system where all students achieve academic success, develop personal and civic responsibility, and achieve career and college readiness for the 21st century.

Superintendent's Highlights

2013-2014 Superintendent Highlights

During the 2013-2014 school year, the Washoe County School District (WCSD) Board of Trustees (BOT) and Superintendent, Pedro Martinez, continued to assertively achieve the goals of Envision WCSD 2015: Investing in Our Future, the District's Strategic Plan. In addition Mr. Martinez used the opportunity to evaluate the progress of the plan and worked with the BOT to update and improve the Strategic Plan.

The Superintendent released the second annual WCSD Performance Framework (WCSDPF) and the framework classifications of each school. The WCSDPF was designed to provide a well-rounded description of how students in each school are progressing along the pathway to college and career readiness. It helps us to tell our data story. In addition, it will help us to better support our schools by providing targeted assistance and resources for our lower performing schools and allowing our high performing schools have the autonomy to innovate and reach new levels.

The overarching performance goal for the school district is to improve the graduation rate and ensure that our graduates are college and highly-skilled career ready. Each of the district's middle and high schools have strategies in place to increase student access to advanced courses, such as 8th grade algebra, honors classes and advanced placement classes. In addition every comprehensive high school developed Signature Academies that accentuate college and career readiness. Each high school collaborated with the University of Nevada Reno (UNR) and Truckee Meadows Community College (TMCC) to implement an early college program in 12th grade for students who would otherwise need remediation when they enrolled in college.

The District continues its progress in strengthening foundational goals related to building human capital, encouraging family engagement, maximizing community capital, fostering a safe and engaging school climate and continuously improving facilities and support services.

WCSD Nevada Academic Content Standards (NVACS) implementation strategies were nationally recognized. Collaboration facilitated by P-16 committee of the Education Alliance between WCSD's Department of Curriculum & Instruction (C&I), Department of Assessment, UNR, and TMCC has resulted in a strong partnership in support of K-16 alignment, and student pathways to graduating college and highly-skilled career-ready. Communication materials on College and Career Readiness, produced by the Education Alliance, have been distributed to all 7-10th grade students. WCSD continues to be a partner in the Collaborative for Social and Emotional Learning (CASEL) and WCSD has drafted WCSD Social and Emotional Learning (SEL) standards aligned with Common Core State Standards (CCSS) prior to the 2013-2014 school year.

WCSD continues to work with the community, through the programs of the Education Alliance. This includes the largest Principal for the Day ever, a record attendance for the Run for Education, and meeting the community engagement goal of having every school with a partner in education.

In support of the District's Strategic Plan and at the direction of the Superintendent, the Professional Learning Café plan was developed, to provide all employee groups with high-quality professional learning opportunities. The Plan was designed with input from a variety of stakeholders and focuses on NVACS, the School Performance Framework, and School Performance Planning (SPP).

District administrators continue to work with all building administrators to establish aligned school improvement targets aligned to the Nevada School Performance Framework (NSPF) and WCSDPF.

In recognizing the need for urgent work in supporting English Language Learners (ELL) and Students with Individualized Education Plans (IEP), the WCSD took on comprehensive redesigns of ELL services and Special Education Services. These were driven by committees comprised of parents, community members, principals, teachers, higher education faculty, and District leadership. The recommendations and redesign plan stemming from each committee were presented to the Board of Trustees and will begin implementation this summer.

2013-2014 performance Outcomes

- In reading performance as measured by the state Criterion Referenced Tests (CRT), the District demonstrated modest gains in the percentage of proficient students in three of the six grades tested: 5, 7 and 8. This included a three percentage point increase in grade 5 and a two percentage point increase in grade 8.
- Math and CRT assessments continue to be impacted by the assessment and instructional transition to CCSS aligned NVACS.
- Elementary school students in general outgrow their peers across the state. In reading we have a 53 median SGP in reading and a 56 median SGP in math.
- Student populations responded pretty equally to the CRT, meaning the achievement gap did not expand or narrow significantly this year. In elementary school reading, student populations have generally improved from where they were two years ago, while in middle school reading, most populations' proficiency rates have decreased slightly.
- In Science, there are increases across the board in student populations in both ES and MS.
 - Middle Schools increased proficiency in science to 60%.
 - 5th grade, performance is higher than it has ever been. The percent of proficient students in 5th grade science increased from 65% in 2013 (the previous high) to 70% in 2014.
- AP participation continues to increase in WCSD. This is true for race and ethnic groups as well, marching us toward our goal of narrowing the achievement gap.
- The District anticipates our strongest ever performance on the graduation rate as more students graduated, and more of our graduates received an Advanced/Honors diploma. Nearly every student population has increased their graduation and Advanced/Honors rate from 2 years ago.
- 50% of WCSD graduates earned Advanced and Honors diplomas.
- The school district continues to work toward and has seen a narrowing of the gap between Title I and non-Title I schools in terms of teacher experience and the percentage of teachers with advanced educational degrees.
- Overall the District elementary school grade levels increased in median student growth percentile (SGP) in math by 2 points.
- More than 3,470 students earned their high school diplomas during the 2013-2014 school year, setting a new record for the Washoe County School District (WCSD).

2013-2014 Recognitions and Awards

The African American Clergy Council of Northern Nevada (AACCONN) honored Deputy Superintendent Traci Davis for her service to the children of Washoe County. Since becoming deputy superintendent last year, Tracy Davis has worked to create and nurture partnerships in the community that help the WCSD reach all of its students with the support they need to succeed in the classroom.

Richard Swanberg, former principal of Kate Smith Elementary School, has been named National Distinguished Principal of the Year for Nevada by the state affiliate of the National Association of Elementary School Principals. This was the second state-level recognition for a WCSD principal. Earlier in the year, the Secondary School Principals Association of Nevada (SSPAN) named Tasha Fuson, principal at Spanish Springs High School, as Nevada's High School Principal of the Year. In announcing the honor, SSPAN called Fuson's work over the past four years at Spanish Springs High School "outstanding."

WCSD, Robert and Dorothy Keyser Foundation, and the Washoe Education Association (WEA) honored veteran teacher Jodee Prudente with the 2014 Keyser Foundation WCSD Teacher of the Year award. Jodee Prudente, who has taught in the WCSD for 11 years, currently teaches special education and comprehensive life skills at Kendyl Depoali Middle School in Reno. Two other teachers -Ryan Brock of Jessie Beck Elementary School and Sarah Hopper of Washoe Innovations High School-were recognized as finalists for the award.

WCSD chose three of our principals as the 2014 Annual WCSD Principals of the Year—Denise DuFrene at Corbett Elementary School, Juliana Annand at Depoali Middle School, and Robert Sullivan at Academy of Arts, Careers & Technology. Each of these great leaders were recognized for their exceptional skills, dedication, and knowledge.

WCSD was one of only six government agencies in Nevada and one of just 23 school districts nationwide to be honored with the Achievement of Excellence in Procurement (AEP) award this year. The AEP award recognizes organizations excellence in procurement. Public and non-profit organizations earn the award by obtaining a high score in a number of standardized criteria including innovation, professionalism, e-procurement, productivity and leadership attributes in procurement. WCSD received a score in the top 20 percent of all AEP scores for 2013. This is the sixteenth time the National Procurement Institute has honored the WCSD with the AEP award.

The National Blue Ribbon Schools award program designated Lenz and Hunsberger Elementary Schools as "Exemplary High Performing" schools. These schools are recognized among the state's highest performing schools as measured by state assessments or nationally-normed tests. The schools were nominated by the Superintendent of Public Instruction from the Nevada Department of Education.

Alice Maxwell Elementary School has been named a National Title I Distinguished School for 2013, one of only two schools in Nevada and approximately 100 schools nationwide to be recognized in 2013. This national recognition is based upon exceptional student performance for two or more consecutive years, and success in exceeding the NSPF index score in five criteria.

The William N. Pennington Foundation funded a \$400,000 grant to the WCSD in support of the High School Signature Academies. Founded by the late gaming pioneer and philanthropist, William N. Pennington, the Pennington Foundation provides support to Nevada non-profit organizations. This is part of the Foundation's ongoing commitment to support Washoe County schools and students. The Edward C. Reed High School Enterprise Project and North Valleys Center for Agricultural Science & Engineering (CASE) will both receive approximately \$140,000 for the 2013-14 school year. Four other Signature Academies located at Academy of Arts, Careers & Technology, McQueen High School, Spanish Springs High School, and Sparks High School will receive between \$25,000 and \$40,000 each to support program expansion.

The Nevada Association of School Boards (NASB) recognized Richard Swanberg, Area Superintendent (former principal at Kate Smith in 2012-13) and Jim Pfrommer, President of Education Alliance for their service to the WCSD at its annual conference.

WCSD educators received the Presidential Award for Excellence in Mathematics and Science Teaching, which is awarded annually to outstanding K-12 science and mathematics teachers across the county. The White House named 102 mathematics and science teachers as recipients and two from Nevada are WCSD teachers, Traci Loftin for science and Ryan Doetch for math.

WCSD has been selected as a finalist for the 2014 Secretary of Defense Employer Support Freedom Award, and is one of just 30 employers nationwide to be considered for the award. The Freedom Award is bestowed by Employer Support of the Guard and Reserve (ESGR), an office of the Department of Defense, and is the highest recognition given to employers for exceptional support of National Guard and Reserve employees.

A student engineering team from the Academy of Arts, Careers & Technology (AACT) won the first NASA Human Exploration Rover Challenge, beating dozens of other high school teams from 19 states, Puerto Rico, Germany, India, Mexico, and Russia. The students from AACT designed and built a rover that addresses potential engineering challenges that could be encountered during exploration of other planets for the competition, which was sponsored by NASA's Marshall Space Flight Center in Huntsville, AL, where the competition was held.

Recognized by Education Week News, Fordham Institute, Education First, Student Achievement Partners, and the Nevada Department of Education for innovative implementation of content standards Partnership with Council of the Great City Schools (e.g. Read Aloud Project, Basal Alignment Project, and Anthology Alignment Project).

The Fine Arts Division has active partnerships with over 25 art agencies and businesses, University of Nevada Reno (UNR), JA Nugget Hotel, Nevada Arts Council, Reno Philharmonic, Nevada Arts Museum, Sierra Arts foundation, Reno Jazz Orchestra, Love of Jazz Society, and MET Opera projects.

Goals and Objectives

District Communication Efforts

test april 9 parent communication

Discipline

The mission of the Office of School Performance (OSP) is to provide a clear vision and leadership by:

- Develop and implement positive behavioral interventions and supports for all students Create a framework of support for staff and students for guiding disciplinary procedures & actions
- Communicate and collaborate with internal and external stakeholders in order to support students and educators in the social and emotional success for all students.

To accomplish our mission, during the 2013-2014 school year the District has taken several steps to decrease the number of major behavioral incidents, as well as the number of incidents related to bullying or cyber bullying.

First, to address bullying, cyber-bullying or harassment District developed and launched another reporting mechanism for students, family or community members, or staff to report an incident. This reporting system is in addition to options already available to our community, such as Secret Witness, reporting in person, or using a complain form that is available on the District website. The newly developed on-line reporting system, titled the "Bully Free Zone" is prominently displayed on the District's home page and allows for reporting to occur anonymously or not. Once an incident is created through the web-based reporting system, an email notification is automatically sent to the site principal to allow for an immediate investigation. All administrators, principals, vice-principals and deans, received training on this reporting system, how to respond once a report was made, and new legislative updates regarding bullying occurred in fall, 2013.

WCSD also paid for a multi-disciplinary team to attend a two-day training on effective school based practices for bullying prevention, investigation, policies and procedures. This costly endeavor was a proactive step for WCSD to ensure that practices, policies and procedures are up to date and impactful.

An on-going practice the District engages in is to provide a Behavioral Matrix to support administrators in disciplinary actions. The Matrix outlines possibly behavioral incidents, provides suggested progressive steps in disciplinary actions and intervention options and resources for the student. This document is reviewed and revised by a multi-disciplinary team and all administrators

receive training annually

The District has taken this year is to create easy to use reports found in the newly developed data warehouse. These reports allow for administrators to view not only the number of infractions that have occurred, but where, when, time of day, type of incident, and who reported the incident. These reports, coupled with with specialized training, have allowed for schools to be proactive in providing direct instruction for expectations of appropriate behavior in the schools, as well as to increase staff presence and training.

The District has also engaged in an extensive review process of the discipline data itself, including examining data re: students referred to behavior hearings, the types of incidents that have occurred, interventions that were provided prior to an incident (where appropriate), and disproportionality. This in depth review has included multiple stakeholders and is the foundational information that is guiding professional development for administration during the summer of 2014.

Demographics and Student Information

Data are provided by the Nevada Department of Education from the state student information system. Gender, race/ethnicity, and special student populations are reported as of count day.

Data as of: Count Day

*** indicates that the data was not available.

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

District totals do not include state or district sponsored charter school data. (2008-Current)

'N/A' indicates that this population was not present.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

IEP= Students with disabilities

ELL= Students who are English Language Learners

FRL= Students qualifying for Free/Reduced Price Lunch

District totals do not include state or district sponsored charter school data. (2008-Current)

Student Average Daily Attendance (ADA)

Student Average Daily Attendance (ADA) is the percentage of the school enrollment in attendance on an "average school day" as of the 100th day of school.

2013-2014 District Accountability Report

ADA Data as of: First 100 days of instruction

'.' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

IEP = Students with disabilities

ELL = Students who are English Language Learners

FRL = Students qualifying for Free/Reduced Price Lunch

District totals do not include state or district sponsored charter school data. (2008-Current)

Data as of: End of school year

^ indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Discipline and Transiency incidents are reported at the school where the action occurred.

**The purpose of some alternative programs is to enroll students for a short period of time until they can reenroll in a comprehensive school; therefore, transiency rates may be greater than 100% or N/A. Data reported as of the end of the school year.

Data as of: Count Day

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

'**' indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Data as of: Count Day

‘-’ indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

‘N/A’ indicates that this population was not present.

‘**’ indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Because of the changes in law (NAC 387.659) in 2009-2010 that affected the way credit deficient students are identified, results prior to this date and post this date cannot be compared.

Student/Teacher Ratio

Student/Teacher Ratio is listed for all classes whose students do not rotate to different teachers.

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Adult diplomas issued to 12th grade students enrolled in a program of alternative education are included in these figures.

Dropout Rates for 2003-2009 reports include grades 7 and 8. Reports after 2009 include grade 6.

CGR - Cohort Graduation Rates are reported for 2010-11 forward. Please see the 'Cohort Graduation Rates' report to access graduation data for the 2010-11 school year and subsequent school years.

Certificates of Attendance are given to students who did not receive a diploma only because they did not pass the Nevada High School Proficiency Exam.

Nevada System of Higher Education (NSHE) (Fall 2013)

Students enrolled in remedial courses within the Nevada System of Higher Education (NSHE) do not reflect all graduates. Some graduates do not attend college or they attend college out of state.

“-” indicates data not presented for groups fewer than 10.

“N/A” indicates that this population was not present.

*** indicates that the data was not available.

For further explanation on cohort graduation indicators and other terminology, please see the glossary section.

Cohort Graduation Rate is lagging data, which means that for 2012-2013 Report Card, data from 2011-2012 school year (class of 2012) is being reflected. Likewise, in the 2011-2012 Report Card, data from 2010-2011 (class of 2011) school year is reflected.

Summary of Standards-Based Test Performance

Nevada uses criterion referenced tests (CRTs), Nevada Alternate Assessment (NAA) and the High School Proficiency Exam (HSPE) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to the Nevada Report Card Website at www.nevadareportcard.com.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)

AS = Percentage of students performing in the Approaches Standards range of achievement

MS = Percentage of students performing in the Meets Standards range of achievement

ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Summary of Standards-Based Test Performance

Nevada uses criterion referenced tests (CRTs), Nevada Alternate Assessment (NAA) and the High School Proficiency Exam (HSPE) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to the Nevada Report Card Website at www.nevadareportcard.com.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)

AS = Percentage of students performing in the Approaches Standards range of achievement

MS = Percentage of students performing in the Meets Standards range of achievement

ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Data as of: December 1st

*** indicates that the data was not available.

'-' indicates data not presented for groups fewer than 10. This data is suppressed due to FERPA regulations.

District totals do not include state or district sponsored charter school data. (2008-Current)

'N/A' indicates that this population was not present.

'N/A' indicates that this population was not present.

*** indicates that the data was not available.

District totals do not include state or district sponsored charter school data. (2008-Current)

Schools only showing up with \$0 are new and data was not collected for prior year.

NDE in consultation with InSite adjusted formula used to calculate per pupil expenditures with the Annual Reports of Accountability, rendering comparisons between the year and past years data.

Personnel Information

Classes Not Taught by Highly Qualified Teachers

Highly qualified teachers hold a minimum of a bachelor's degree, are licensed to teach in the State of Nevada, and have demonstrated competence in their teaching area. Data were obtained from the Office of Teacher Licensure as of May 2014.

The development of this annual state accountability report is a joint effort among the Nevada Department of Education and Nevada school districts. This report is provided to the public as required by the federal No Child Left Behind Act and NRS 385.347. A comprehensive listing of all accountability data, including student test data, may be accessed on the Nevada Annual Reports of Accountability website at www.nevadareportcard.com.
